

CSRS, The Top Ten Things You Should Know

SYNOPSIS:

Debbie Hatch

Congress created the Federal Employees Retirement System (FERS) in 1986, and it became effective on January 1, 1987. Since that time, new Federal civilian employees who have retirement coverage are covered by FERS.

The TSP part of FERS is an account that your agency automatically sets up for you. Each pay period your agency deposits into your account amount equal to 1% of the basic pay you earn for the pay period. You can also make your own contributions to your TSP account and your agency will also make a matching contribution. These contributions are tax-deferred. The Thrift Savings Plan is administered by the Federal Retirement Thrift Investment Board.
