

Leadership from the School of Hardknocks, Part I

SYNOPSIS:

Col Chip Fulghum

This workshop is a very hands-on leadership workshop.

This workshop includes a practical leadership exercise. The workshop attendees will divide into groups and with each subgroup taking a real leadership scenario someone (Col Fulghum) faced. The group will discuss and then tell how they would handle the situation.

Col Fulghum will then tell you what really happened and discuss how well he did with your direct input.
